Proposal Score Guide

**Legacy Project Proposal
Score Guide**

- Proposal includes an overview: a summary of your service project 5 / 5pts
- Proposal includes the process and/or procedures necessary to complete project 3 / 5pts
- Proposal explains the intentions and/or outcome of the service project 5 / 5pts
- Proposal outlines a timeline for service project completion 4 / 5pts
- Proposal includes a material list detailing resources needed 5 / 5pts
- Proposal includes appropriate in-text citations: min. 3 (3 pts each) 9 / 9pts
- Proposal is composed in an organized, cohesive manner 4 / 5pts
- Proposal reflects evidence of appropriate spelling, grammar and mechanics 4 / 5pts
- Proposal includes a properly formatted Work Cited Page 3 / 5pts
- Proposal reflects appropriate structure 1 / 1pt

Total 43 / 50pts

* Each objective will be assessed utilizing the following grading scale:

- 5- Exceeds expectations
- 4- Meets expectations
- 3- Progressing towards meeting expectations
- 2- Attempted but does not meet expectations
- 1- Does not meet expectations
- 0- No evidence/not evident

Overview

For our project we are going to donate sports equipment to local sports teams and players that are in need of equipment. Sports equipment is a main necessity for playing sports. If you don't have the correct equipment or if it doesn't fit properly you will not be able to participate in the game. We want to make sure that every child that wants to play their favorite sport gets to play and that the cost of equipment for a child that can't afford it doesn't get in the way of them being able to play or not.

Sports are important for young children and adolescents. A great way for them to learn essential life skills that they can carry with them for the rest of their lives. Sports are very important for children to learn how to work together as a team and how to cooperate. Sports also teach you how to stay in shape, organize your time, gain of friendships, and build good relationships. Sports can bring teens together from different backgrounds, communities and schools, and create friendships that can last a long time (Children Fund Alliance).

P.O.V
Shift

Process

Our group plans on having a yearly seasonal fundraiser or donations for children and teams who can not afford sports equipment. We also plan on having other companies to donate money or equipment to us. We want to have the fundraiser for each sport during their season, and we want to have this fundraiser at the school. This fundraiser will help us grow as members as of our community, students, and as good people.

explain the "how" more specifically

Intentions

We want the donations from people in our community and big companies to help out local kids to get the chance to play the sports that they want to. Our finding have showed that there is a need for equipment and children need this to be able to play their favorite sports.

According to *I Have A Plan Iowa*, extracurricular sports can improve more than just knowledge and skill in the sport itself, it can improve time management and stress management, competition in the real world, and social skills. By helping the families that can't afford the equipment and donating the equipment, it can help children with many life skills and help them work together, (Iowa College Aid).

Timeline

We plan to do a year-round seasonal sports fundraiser. We will raise money for each sport individually as the season approaches. This way we can raise money for multiple school sports instead of focusing on just one.

remember the project must be completed by the end of 2nd semester

Materials

- Sports Warehouse to help donate
- The equipment (jerseys, pads, helmets, etc.)
- Flyers around schools/community
- People to help out

Conclusion

Donating sports equipment to underprivileged children is very important to give them the opportunity to play a sport that they wish to play. Participating in extracurricular is a very important thing in life and it helps children with a lot of skills like, it builds respect, progression, understanding of not everything is fair, improving self esteem, trust in themselves, and most importantly, teamwork. (Education Week). *Just check*

We plan to help out as many local families, schools, and sports teams as much as we can with the donations we receive. We want to spread the word around our community and school by flyers to help us out with these donations and to show that there is a need for sports equipment in our area.

This fundraiser will not only help the local families in need but it will also leave an impression on the people that help with our fundraiser. This will also help my group and myself improve on being better people and teaching us that helping others can mean the world to the people that we are helping.

Thank You,

Kendra Sheler
